(8 faces, including bride)

Additional faces **\$35.00**

Service

To ensure every bride looks her best, each booking consists of a three part service. The first step includes an email or phone consultation following the bridal questionnaire. Once you have decided that MURR Makeup artistry is the right fit for you, we will schedule your in-house consultation. A flawless finish is provided with airbrush foundation and our quality products will ensure you look your best as you walk down the aisle and in your wedding photographs. False eyelash application is included in all packages if desired and you will receive your own tube of lipstick for any necessary retouches during the day.

Consultations

The pre-wedding consultation is an integral part of ensuring complete satisfaction on your wedding day. The questionnaire and email/phone consult will prepare both bride and makeup artist for the in-house consultation.

During the in-house consultation you will receive the same treatment provided on your wedding day. If needed we will make necessary adjustments to the look to make sure that it is exactly what you want for your big day. Please note that this part of the service is for the bride only, but if booking me for any bridesmaids we will discuss what looks you want for your bridesmaids during these consultations.

Booking

The bridal questionnaire and email/phone consultation is complimentary. Once you have decided to book my services a \$50.00 non-refundable* deposit is required before scheduling your in-house consultation. Once your deposit is received you will be officially booked for both consultation and your wedding day.

In-house consultations should be scheduled at least 1 week before your wedding day; it is not recommended that you schedule them more than 30 days in advance.

*The \$50.00 deposit can only be refunded if you cancel 14 days before your scheduled in-house consultation. No deposit will be refunded after an in-house consultation.

Deposits can be paid in cash, personal check or via PayPal.

Payment

The total package price is due the day of the wedding, but can be paid anytime after your in-house consultation. Please note that payment must be received before any service is done the day of the wedding so please make arrangements in advance.

Final amount due will only be accepted in Cash if paid the day of the wedding. PayPal will be accepted the day before the wedding and personal checks will only be accepted 14 days in advance.

Bridal FAQ

Why should I have a professional do my makeup?

Bridal makeup needs to be applied a certain way and with certain products to ensure that you have a great look, not only in person but on camera too. Many consumer products will not hold up as well and will look muted and washed out on camera. You want to make sure you look stunning in your wedding day photos. Also, you want to be able to relax and take the time to be pampered on your special day!

Are you a licensed esthetician?

No, I am a freelance makeup artist. This means I cannot provide facials, waxing or tweeze facial hair.

I want to get a facial and/or waxing for my wedding day, when should I do it?

My recommendation is that you get facials and waxing done at least a week before your wedding day. You never know if you may react badly to a product and if the worst should happen you want to make sure you have time to deal with it before your big day. This is not the time to try out new products.

How long will the makeup application take?

You should reserve 60-90mins for your in-house consultation. For the day of, you will want to set aside 60mins for the bride and 30-45mins for each extra person.

What products do you use?

The airbrush foundation I use is OCC, which is a "vegan" product, water based and 100% oil free. Which means it is much less likely to irritate even the most sensitive skin types.

My eye shadows, lipsticks, blushes etc. are a wide variety of brands. The one thing they all have in common is that they are all tried and true and look great in photographs.

Do you travel?

Currently I only serve the greater Portland metropolitan area. My in-house consultations take place at my home in Hillsboro, OR. On the day of you can have your makeup done at my place or I can come to you. Certain circumstances may require an additional travel fee.

Do you style hair too?

No, but I can make recommendations.
